

***Attainment of Programme outcomes and course outcomes are evaluated by the institution.***

The teaching learning activities which are going on in the college must have resulted in some sort of attainment of outcomes. The attainment of programs outcomes is evaluated in the following terms at the end of each academic year.

- Daily attendance record is maintained by the teachers.
- Unit tests are conducted and the records are maintained by internal evaluation committee.
- Workshops, seminars and viva-voce are conducted and records are maintained by the faculty.
- The records of assignment, evaluation and university results are maintained by the faculty and IQAC.
- The college internal evaluation committee analysis data on student's progression and learning outcomes on the basis of unit tests and internal examination.
- IQAC evaluates the data and forwards collected and evaluated data before the college ADC for further consideration.
- Results of the University Examinations are analyzed by the IQAC. All the teachers are required to submit the analysis of the result on the declaration by the saint Gadge Baba University, Amravati. Thus, all five years results are analyzed and prepared to know the success ratio of students.
- The students learning outcomes are evaluated on the basis of their overall performance in curriculum and co-curriculum and extra-curriculum activities by the institution and individual teachers. Their achievements are regarded as the achievements of institution.

- The CDC after analyzing the results or outcomes, encourages the faculty for effective achievement of the program outcomes and course outcomes and suggests improvement if any.
- The increasing number of students placed on various jobs, services in semi Govt., Govt. and private sector is one of the attainments of teaching learning activity.
- Student's progression to the higher studies that is from UG to PG seems to be increasing in the last five years.
- As per the syllabus prescribed by Saint Gadge Baba Amravati University project reports are taken prepared from B.Com final year students in order to test their ability to apply knowledge to various economic happenings, problem solving, presentation and communication skills etc.
- B.A. Students are asked to make a collection of newspaper cuttings on political events of the country which helps to understand and develop political thinking of the students.
- Feedbacks about teaching learning activities are taken from students, parents and other stakeholders which helps to know the completion status of the syllabus, outcomes of co-curricular and extra-curricular activities.
- Analysis of alumni feedback displays that they give credit to the college for imbibing attributes such as discipline, punctuality, honesty, respect, understanding team spirit, labor pressing, presence of mind, fellow feelings, professions among the students.
- Daily diary and attendance of the students is maintained by the faculty.
- Internal evaluation of the students is done by the faculty.
- The college has mechanism for the monitoring learning outcomes of certificate courses. The certificate courses are run by the certificate course committee under the course coordinator. The course coordinator and faculty members of course evaluate the students.
